

2022 UCLA PURC – POSTER SESSION 1 (9:00-10:15AM)

Jared Block

Using IR-Trees to Model Numeracy's Effect Upon Likert Scales

Sravya Borra

Deriving Profiles of Developmental Dyslexia from a Battery of Tasks

Zachary Brustman

Up Close & Personal: The Effects of Construal Level Manipulation on Moral Judgement

Jessica Chang

The Association Between Romantic Partners' Negative Communication During Conflict and Later Relationship Dissolution

Annya Dahmani

What Is the Point? A Theory of Mind Model of Relevance

Fiona DeBernardi

Is it ever okay to cheat? The role of mitigating factors in evaluations of others' cheating

Dahlia Earleywine

Exposure to family aggression in childhood and its implications for behavior in romantic relationships in young adulthood

Isabel Enriquez

Investigating the Role of the Left Ventrolateral Prefrontal Cortex in Value-Directed Remembering

Rosha FeiziLighvan

Measuring Sexual Desire: A Comparison of Scales

Matthew Figueroa

Investigating Depressed Mood Responses to Social Evaluation in Adolescent Girls at High vs. Low Risk for Depression

Antonia Frangiyyeh

Learning from Lectures: The Impact of an Accent Bias Intervention on Student Evaluations of Teaching

Erika Garcia Ruiz

Registered Reports: The Adoption of Registered Reports over Time

Lindsay Hafer

The Impact of Social and Perceptual Judgments on Voice Recognition

Vidhi Jain

Meaning-Making and Mental Health Outcomes in the Divorced Family System

Ashley Kim

Evaluation of the Effectiveness of GPT-2 in Generating Formal and Free Verse Poetry

Patrick Lee

Couples, conflict, and conductance: the dynamic between gender and sympathetic arousal during romantic partners' negative interactions

Bridgette K. Marquette

Cognitive Reappraisal Affects the Relationship Between Depression and Loss Aversion

DaiJa Moorehead

Early Life Adversity Models in Action: Links With Cardiometabolic Risks in Adolescents

Daniel O'Connell

Finding the perfect date in an OCEAN full of singles: The influence of BMI and personality on partner preference

Jennifer Park

The Impact of Emotional Variability in Children's Word Learning

Sydney Pollard

The Moderating Role of Depressive Symptoms on the Relationship Between Stress and Hyperpalatable Food Intake

Katarina Reyes

Gender, Sex, and Emerging Adult Love Life Experiences

Jennifer Rosario Arriaga

Community Perspectives on the Mental Health of Black and Latinx K-12 Students during the COVID-19 Pandemic and School Policy Recommendations

Thea Saunders

Improving data quality in human and monkey infant eye tracking studies

Natalie Tesfamicael

Health-Compromising Behavior and Academic Performance: The Benefits of Academic Support from Peers

Zoe Tsokolas

The Neurodegenerative Brain: Examining Links between Biological Markers and Psychological Functioning

Ivy Villnow

Redemption & Identity Development in Emerging Adulthood

2022 UCLA PURC – POSTER SESSION 2 (10:30-11:45AM)

Ash Arumugam

The Role of Sex Hormones and Sleep on Anxiety Levels

Jaifreen Bhangu

Stroke-Induced PTSD Risk: Qualitative Analysis of Responses to an In-hospital Trauma Interview

Keegan Buch

Combination Treatment of Varenicline and Naltrexone Reduces Alcohol Craving in Heavy-Drinking Smokers

Ashley Chen

Trouble with Double Speed: Effects of Lecture Speed and Note-Taking on Retention of Educational Material

Jalyn Davis

Happy to Help: Altruism and Happiness in Adolescents

Fiona DeBernardi

A Nationwide Analysis of Academic Integrity Policies

Lourdes Concepción Esparza

Lonely Individuals Process Social Scenes in Idiosyncratic Ways

Jennifer Fitz Cortez

Race and Self-Disclosure: The Mediating Effect of Generation Status

Claire Freeman

Experiential processing correlates with increased positive emotion during positive autobiographical memory recall in an anhedonic sample

Eugenia Giampetruzzi

Childhood Trauma and Depression Severity in Patients with Treatment Resistant Depression

Jenna Hartstein

The Association Between Stress and Cortisol in Pregnancy: A Scoping Review

Christabelle Junaidi

The Role of Prefrontostriatal Projection Neurons in Effort-Based Decision Making

Mindy Kim

Skin Cancer Diagnosis Training Through an Adaptive Learning Module with Signal Detection Theory Principles

Thomas Licata

The Fastidious Donkey and Elephant: Effects of Political Affiliation on Conformity

Shantalle Martinez

Infection Detection in Faces: Children's Development of Pathogen Avoidance

Emin Nabiev

Does grammatical gender influence conceptual organization? A cross-linguistic study of French and Hebrew speakers

Emma Ong

A Qualitative Content Analysis of Social Influences on Mental Health Care Seeking Intention Among Pregnant Latines

Ani Patrikyan

Analysis of Alcohol Use Disorder Severity Sub-Types in a Randomized Clinical Trial of Varenicline

Safa Rahman

Examining the Links between Childhood Racial/Ethnic Discrimination and Susceptibility to Eating Disorders

Emma Riley

The Effects of Sleep Deprivation and Social Influence on Memory

Jahred Rosa-Sullivan

Towards the Definition of Sustainability: Does our Relation to Future Generations Predict our Concern for the Environment?

Julieta Serobyan

The Effects of Early Life Stress on Habitual Responding and Big Five Inventory Scores

Layla Tondravi

Investigating the Role of Early Life Relationships on Benefits of Social Support in Adulthood

Srushti Untawale

The Model Accused: How Socioeconomic Status and Ethnicity Affect Perception of Guilt of Asian Americans

Alicia Wang

The role of dorsomedial striatum indirect pathway projections in goal-directed behavior

Alice Xu

Flexibility in Problem-Solving Among Novice Programmers

Qiwen (Mary) Zheng

Speed or Creativity: Does Bilingualism and Biculturalism Lead to Better Cognitive Flexibility?

2022 UCLA PURC – POSTER SESSION 3 (1:00-2:15PM)

Christian Beltran

"Be Honest, Are You a Liar?" How the Formulation of an Honest Request Can Lead to Behavioral Changes & White Lies

Simranjeet Cambow

Feasibility of a brief transdiagnostic, emotion-focused parent intervention for coping during the COVID-19 pandemic

Shreya Cho

The Interactions Between Dream Recall, Declarative Memory, and Sex Hormones

Nallely De La Rosa

The Experiences of Racial-Ethnically Marginalized Providers and Their Clients

Alyssa Delarosa

Cognitive Traits in Separating True Events from Conspiracy Theories

Isabel Enriquez

The Effects of Transcranial Direct Current Stimulation on the Ventrolateral Prefrontal Cortex During Value-Directed Remembering

Patrick Fang

Effects of Personal Versus Perceived Mental Health Stigma on Psychotherapeutic Service Utilization

Josephine Flohr

Personality Predictors for Interest in a Psychedelic Clinical Trial

Angie Garcia

Evaluating Drinking Reductions Using World Health Organization Risk Drinking Levels as a Treatment Outcome in a Randomized Clinical Trial of Combined Varenicline and Naltrexone

Caleb Garcia

Determining the Influence of COVID-19 Disgust Messaging on Anti-LGBTQ+ Attitudes

Helen Gunn

Influences on Mother's Behavior in Mother-Infant Interactions During the Still-Face Paradigm

Katherine Hernandez

The Effects of the COVID-19 Quarantine on Human Trafficking Survivors in Kampala, Uganda

Sanjana Kantipudi

Examining Barriers and Health Disparities for Minority Group Enrollment in Autism Research

Sydney Kong

Identifying Reporters and Non-Reporters of Weight Stigma

Yifan Liu

Guilt moderates the association between PTSD severity and suicide ideation among veterans

Melissa Miranda

Differences in Burnout Among Mental Healthcare Workers Before and During the COVID-19 Pandemic

Brian Ng

Virtual Behavioral Testing: Elucidating Cognitive and Affective Mechanisms of Depression

Katrina Ostrander

The Effects of Extrinsic Emotion Regulation Strategies on Close Relationship Outcomes

Adriana Perez

Associations between Therapist Acculturation and Making Cultural Adaptations to Evidence-based Practices for Mental Health with Diverse Youth

Ramya Ramakrishnan

Does Collaborative True-False Testing Benefit Learning of Both Previously Tested and Previously Related Concepts?

Annalin Roepken

Pronominal Gender Marking and Implicit Causality Verbs

Madina Safdari

Analysis of UCLA Transfer Student Experiences

Urvi Shah

Memorization and generalization performance after listening to a children's science podcast

Sepideh Torab

Emotional Expression and Parent's Gender in Parent-Child Interactions

Pauline Vartany

Race-Based Stress Predicts College Student Health Outcomes

Caiying (Cailynn) Wang

Amygdala Structural Abnormality as a Predictor of PTSD Severity in Veterans with Mild Traumatic Brain Injury

Nickie Yang

Extending Mediation Analysis to Within-subjects Data With Dichotomous Outcomes

2022 UCLA PURC – POSTER SESSION 4 (2:30-3:45PM)

Ivan Alatorre

Can Reading Quantitative Information be Just as Effective as Generating for Learning and Transfer?

Cristina Carrera

Massage and Acupuncture Decreases Pain Intensity for Pediatric Chronic Pain

Naomi Crocker

Hydrogen-Rich Water and Central Regions of Interest

Olivia de Moraes

Maximizing Motivation while Minimizing Expenses: How Intermediate Incentives Affect Goal-Directed Behavior

Quynh Theresa Do

Better Sleeper, Better Recaller: How Sleep and Brain Stimulation Influence

Jennifer Ferrin

Early Life Stress and sSES Positively Relate to Alcohol and Drug Use Behaviors in Young Adults

Anthony Flores

The Role of Immigrant Generation Status on Academic Pressure During the Transition to College: The Mediating Role of Cultural Mismatch

Gabriella Garcia

Navigating Social Media at the Intersections of Social Identities: A qualitative analysis of gender, sexuality, and race

Arden Guo

Therapist burnout: Associations with contraindicated behaviors in sessions for youth in school-based mental health services

Ruijie Huang

The Effect of Treatment Credibility on Tech-based Cognitive Training Intervention for PTSD Patients

Lily Kiamanesh

To Read or to Listen: The Effect of Audio and Visual Information and Accents on Comprehension of Digital Media

Ivy Li

The Link Between Creativity and Cognitive Flexibility

Charity Majusiak

Offloading Creativity to the Internet: An Examination of how Using the Internet Affects Elaboration in a Divergent Thinking Task

Emily Mirzayants

Effects of Early Childhood Emotional Abuse and Extraversion on Stress Reactivity

Michelle Nguyen

The effect of past language experience on learning a new tone language

Nathania Pabon

Does Environmental Enrichment Mitigate the Reduction in Attraction to Social Odors by Mixed Groups of Control and Maternally Separated Adolescent CD-1 Mice?

Lauren Perlmutter

Examining Links Between PTSD Dimensions and Medication Non-Adherence Following a Stroke

Joanna Ramirez

Subjective Socioeconomic Status and Health During the Transition to College: The Moderating Role of Self-Efficacy

Dara Rogers

Perspective Taking and Autism Spectrum Disorder in a Non-Clinical Sample

Madison Sandoval

Red Sounds Exciting: The Effect of Color Saturation on Perception of an Auditory Illusion

Sofia Silvosa

A Short Time With Our Infants: Language Development Across Context, Gender, and Race

Sze Yi Celine Tsoi

Does Language Affect Political Attitudes? Language, Culture, and Politics in Asian Americans

Annabelle Venegas

Centering Youth Voices in Adult Allyship Training Development

Xinran Wang

Adapting Predicting Tasks to Introduce Programming to Novice Students

Elinor Yeo

Schizotypal Traits Are Associated with Threat Detection Ability

Yiling Yun

Causal signals lengthen perceived temporal duration

Frank Zhou

How Sampling Frequency and Time of Day Affect Adherence to Ecological Momentary Assessment (EMA)

2022 UCLA PURC – Research Talks (Ackerman 2408)

Session 1 – 9:00-10:15AM

Ashita Tanwar

A recurrent neural network model accounts for both timing and working memory components of an interval discrimination task

Marianne Miremadi

Early-life Emotional Abuse and Severity of Depressive Symptoms: The Protective Role of Empathic Concern

Diego Aragon-Guevara

Assessing Disparities in Special Education Receipt among Autistic Individuals

Catalina Ruple

Children's Understanding of Category Hierarchy Relationships

Session 2 – 10:30-11:45AM

Nidah Mohammed

Keep Scrolling! TikTok Potentially Sharpening Sustained Attention

Ziyuan Chen

The Effects of Novelty on the Consolidation of Related Memories

Christy Wang

The Mediating Role of Healthy Eater Identity in the Relationship between COVID-19 Related Stress and Comfort Eating in American Adults with Higher Weight

Jacqueline Huerta

The impact of crying on the quality of emotional support in close relationships

Session 3 – 1:00-2:15PM

Dessery Arreola

Are There Racial Disparities in Mental Health Service Use Following Community Violence Exposure?

Scarlett Rory Mar

A Blessing or a Curse?: The Impact of the “Model Minority” Stereotype on Asian Americans’ Working Memory

Ji Yoon (Gloria) Kim

Exploring Asian Americans’ Attitudes Towards Mental Health Treatment Based on Therapist-Client Racial/Ethnic Match

Natalie Tesfamichael

Value-Based Encoding and Penalties for Misremembering Can Reduce False Memory While Preserving True Memory

Session 4 – 2:30-3:45PM

Nina Williams

Cannabis Use in Clinical High Risk Individuals: Impact on Brain Structure Prior to the Onset of Psychosis

Cherice Chan

Change in Ethnic Representation During the High School Transition and Out-group Attitudes Among Asian American Youth

Rachel Cassar

Pathways-to-Success: Unpacking fidelity to improve future teacher training and support

Mallory Podosin

Associations between Home Environment and Child Mental Health at Age 5
